CHEVY (7 COUNT 'EM) 7 BESTS

Independent experts and official facts and figures prove Chevrolet's ahead d field in seven big ways.

BEST BRAKES . . . In direct competitive tests of repeated stops from highway speeds, conducted by NASCAR†, Chevy out-stopped both the other leading low-priced cars—and why not: Chevy brakes are far larger, built with bonded linings for up to 66% longer life. **BEST TRADE-IN** . . . Check the figures in any N.A.D.A.† Guide Book. You'll find that Chevy used car prices last year averaged up to $128 higher than comparable models of the "other two." **BEST STYLE** . . . *Popular Science* magazine sums it up: "The fact is, in its price class the Chevy establishes a new high in daring styling . . ." It's the only car of the leading low-priced three that's unmistakably modern in every line. **BEST ECONOMY** . . . No doubt about this: two Chevrolet Sixes won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car. **BEST ROOM** . . . Official dimensions reported to A.M.A.‡ make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars. **BEST ENGINE** . . . *Every* motor mag has given Chevy's standard V-8 and Corvette V8's unstinted praise. *Sports Cars Illustrated* puts it: "Such this device is surely the most wonderfully responsive engine available at any price." **BEST RIDE** . . . You'll be able to tell this yourself instantly. But *Motor Trend* magazine expresses it this way: ". . . smoothest, most nearly level, quietest, softest riding car in its price class."

Soap Not Best Way To Teach Children To Stick to Truth

CHICAGO—When a child lies, washing his mouth out with soap, spanking him, or making him "confess" in front of others won't help him **see why he should be** truthful.

Instead **the punishments may** antagonize **him to the point where he has little desire** to be truthful, according to **Elizabeth B. Hurlock,** Ph. D., a **past president of the** American **Psychological Associa**tion's **division on the teaching of** psychology.

Dr. Hurlock **notes that a child** lies for **two reasons:** to escape punishment and to win approval.

Some **ways a parent can help** a child **learn to tell the truth are:**

Make sure you know why the child **misrepresents the truth be**fore you **take any** action. Your line of **attack should be very dif**ferent for **intentional and unin**tentional **deceitfulness.**

Do not associate lying with religion by telling the child, for example, that **God hears lies and** will punish **him. This is likely to** make him fear God and death and will keep him from turning to re**ligion for the satisfaction and** comfort it can **bring.**

Without curbing his imagination, help him develop a critical approach to his imaginary experiences **by asking questions which** will force him to assess his imaginative experiences.

When he breaks a rule, find out whether it **was intentional. Pun**ishments **that children consider** unfair **encourage them to try to** escape **future punishments by** lying.

Incas Honored Mysterious Bird

WASHINGTON — The Peruvian Incas had a mysterious sacred bird, the **cuquenques, the identity of** which **cannot be established.**

No feathered creature that answers the **description can now be** found in **Inca territory, according** to Dr. Raymond **M. Gilmore of the** U. S. Fish and Wildlife Service in a report published by the Smithsonian Institution.

As described by the early Spanish chronicler Garcilaso: "The sovereign wore another device peculiar to himself, consisting of two wing feathers of a bird called coraquenque . . . the feathers are white with a black patch, and of the size of those of a sparrow hawk . . . the birds . . . inhabit a wild region of Vilcanota, **32 leagues from . . .** Cuzco, in **a small lake at the foot of** those inaccessible snowy white mountains . . . more than a couple, male and female, are never seen at a time. It is not known whence they come nor where they breed.

"The Ynca wore their feathers because no others, save these two (birds) had ever been seen or heard of in the world, and all other persons, even the prince who was heir to the throne, were forbidden to use them on any account."

Man Thanks Others For Safe Driving Record

LAFAYETTE, Ind.—Vic Layne, a Lafayette merchant, noted his 35th year of driving by taking a two-column ad in the local paper:

"After 35 years of safe driving," for which I take little credit, but for which I am truly grateful, I wish to apologize to the following motorists:

"All those alert drivers who successfully avoided me when I signaled one way and drove another . . .

"My wife and family, who have often saved me from an accident without having received proper thanks."

'Easy Way' Can Lead To Weight Problems

CHICAGO — Using a standard typewriter instead of an electric typewriter could be the difference between staying thin and gaining weight.

So could the use of a standard steering wheel instead of power steering, walking instead of driving, playing golf instead of gardening, just standing instead of sitting down, and many other "seemingly insignificant differences" in daily habits.

Three doctors report in the Journal of the American Medical Association that the basic cause of obesity is an intake of calories in excess of the needs of the body. Small increases in the amount of food eaten and small decreases in the work output of the body—as when a person switches to an electric typewriter—can over a period of time be responsible for overweight, they said.

Soviet TV Advertises

LONDON — Soviet television is loading its programs with commercials, Radio Moscow says.

A radio commentator said the commercials are not the same as those shown on American TV, but are commercial plugs anyhow.

"A few days ago, I saw them advertising all kinds of delicatessen and candy on the TV show," the commentator said.

JUNIOR WOMAN'S CLUB HAS SPECIAL PROJECT

The Appomattox County Junior Woman's Club will sponsor the sale of the record, "Shabby," in Appomattox, Mrs. Peggy Marshall, club president announced today.

"Shabby" was recorded by Cindy Saul of Salem, who gained nation-wide attention just prior to last Christmas with her recording of "Happy Birthday, Jesus."

(Written by George Donald McGraw especially for the Virginia Society for Crippled Children and Adults, all rights to the record have been assigned to the Easter Seal society on condition that it is not distributed through commercial channels. All proceeds from the sale will be used by the Junior Clubs throughout the state towards their project to complete the construction of Camp Easter Seal Summer Treatment Center in Craig County.

"Shabby" will be on sale in local places of business next week. It will also be available from any member of the local Junior Woman's Club.

"Shabby" is an appealing recitation which relates the story of a little girl who finds an injured stray dog. Her mother agrees to let her keep it only until it is well. By the time she nurses it back to health she and the dog have become close friends.

These records may be purchased at the local Western Auto Store, Averett's Dept. Store, and Spencer Drug Store.
